hilharmonic Concert of Saturday evening

We wish the Society would give the Pastoral Symphony.-The new Overture, by Mr. Loder, offender in our Prisons. They are of daily occurseemed to possess little merit. It took effect on the The composition by Lindpainter seemed nsipid and tedious, but the Concerto by Mendelsohn afforded universal delight. Its dreamy leveliness and exquisite grace could hardly be surpassed, and it was finely performed. We have never had a fair opportunity of hearing Mr. Timms before, and must add our mite to the tribute his talent and skill have Meyer," and, though we think, on the but it is the province of excellence to prize more and need more all other excellence, yet, surely, during this perwe were not only charmed but satisfied-

Burke played admirably in a fine composition of t's, and was received with warm applause nce. We understand it has been the me elsewhere, and think he has secured the desired place in the country of his choice. We were glad to have the entertainment of instrumental muone, and though we found some around us were disappointed by this, we believe that, when accusto it, they would find they could enjoy these fine works for the orchestra better, if the mood was not broken by the introduction of Italian opera airs. It is a change from which a mind capable of a mood must reluct, one would think, from one of these s to some poor little love song by Doni-Those are well enough in their place, but who would like to drop suddenly from the Prometheus of Æschylus to-Stanzas on a broken Ring,
